# KRIEGER

STATE REPRESENTATIVE 57TH DISTRICT

## Principled Leadership *Fighting for Us*

Too many politicians in Harrisburg believe that the solution to our budget problems are to raise taxes and increase government spending.

Not State Representative Tim Krieger.

As our State Representative, Tim Krieger has stood firm against Ed Rendell's tax increases. Tim has fought to eliminate wasteful spending and even refused to take a legislative pension.

It's that kind of principled leadership we should expect from our elected officials.

**It's the principled leadership we get from Tim Krieger.**

### AS OUR STATE REPRESENTATIVE **TIM HAS:**

- ▶ Stood with Pennsylvania taxpayers and fought Governor Rendell's income tax hike
- ▶ Opposed the 2009-10 Budget which included new taxes and unsustainable spending
- ▶ Introduced common sense legislation to help get Pennsylvanians back to work
- ▶ Sponsored legislation protecting your right to have private health insurance without interference from the federal government

STATE REPRESENTATIVE 57TH DISTRICT

**Principled Leadership**  
*Fighting for Us*

Dear Friend,

Two year ago when I first asked you for your vote for State Representative, I was clear on what I wanted to do in Harrisburg – stand up for taxpayers and bring fiscal sanity to a state government where spending is completely out of control.

Over the last two years, I have fought non-stop against the reckless economic policies being pushed in Harrisburg that threaten to saddle Pennsylvanians with excessive taxes and crushing debt.

I continue to believe that we must reduce the size and cost of state government if we want to see a strong economy in our state. As your State Representative, I have worked to implement common sense policies that strengthen our economy, bring new jobs to our state, and reform the way things are done in Harrisburg.

You chose me as your State Representative two years ago, and I have tried to honor your selection with a commitment to the values we share. With your vote this year, I will continue to stand up and fight for policies that may seem like common sense to you and me, but are foreign to many of the career politicians in Harrisburg.

I was proud to have your support two years ago and I need your support in this year's election to continue the fight for common sense government.

Thank You,  
*Tim Krieger*
